

LIST OF CONTENTS

| | |
|--|-----------|
| LIST OF FIGURES | 10 |
| LIST OF TABLES..... | 15 |
| Chapter 1 – Introduction..... | 16 |
| 1.Introduction to the <i>Bactria-Margiana Archaeological Complex (BMAC) or Oxus Civilization</i> | 16 |
| 1.1 Chronology of the Region: a Few Notes..... | 19 |
| 1.2 The History of Archaeological Research in Turkmenistan | 21 |
| 1.2.1 Landscape Research in the BMAC | 24 |
| 1.3 Reasons for the Present Research | 25 |
| 1.3.1 Aims of the Research | 27 |
| 1.4 Limitations and Constraints | 28 |
| 1.6 Summary | 29 |
| Chapter 2 – The Geology and Climate of Southern Turkmenistan..... | 31 |
| 2. Overview | 31 |
| 2.1 The Climate of the Murghab Region | 31 |
| 2.1.1 The Paleoclimate during the Holocene in Central Asia | 32 |
| 2.2 The Geomorphological Setting of the Murghab Region and its Hydrology..... | 37 |
| 2.3 Dune Movement and Soil | 43 |
| 2.3.1 Takyrs | 43 |
| 2.3.2 The Role of Takyrs in Modern Crop Cultivation and Animal Husbandry | 45 |
| 2.3.3 The Role of Takyrs in an Archaeological Context | 45 |
| 2.3.4 Takyrs and Ancient Watercourses | 46 |
| 2.4 The Local Desert Environment | 47 |
| 2.5 Traditional Pastoralism and Irrigation Farming in the Murghab | 49 |
| 2.6 Summary | 51 |
| Chapter 3 – The Archaeological Context and Theoretical Framework | 52 |
| 3.1 BMAC Origins and the Broader Context..... | 52 |
| 3.2 Settlement Systems and Architecture in the Murghab Region | 54 |
| 3.2.1 The Middle Bronze Age | 55 |
| 3.2.1.1 Architecture, Economy, and the Political System..... | 55 |
| 3.2.1.2 The Late and Final Bronze Age and the “Collapse” of the BMAC | 65 |
| 3.3 The “Andronovo” Presence in the Murghab | 67 |
| 3.3.1 Excavated Rural Sites in the Murghab..... | 69 |
| 3.3.2 Urban–Pastoral Interaction and Local Models of Variability | 72 |
| 3.3.3 Millet Cultivation and Agricultural Variability | 73 |
| 3.3.4 A Comment on the Terminology | 73 |
| 3.4 Models of BMAC Landscape Development..... | 75 |
| 3.4.1 The Early Soviet and AMMD Models | 75 |

| | | |
|---|---|------------|
| 3.4.2 | Further Models of Landscape Development..... | 80 |
| 3.5 | The Theoretical Context of Hydrological Research | 80 |
| 3.5.1 | The Early Central Asian Context | 83 |
| 3.6 | Summary | 84 |
| Chapter 4 – Methodology | | 85 |
| 4. | Overview | 85 |
| 4.1 | GIS Analysis | 85 |
| 4.2 | Remote Sensing | 87 |
| 4.2.1 | A Short Introduction to Aerial Photo Interpretation and Remote Sensing..... | 87 |
| 4.2.2 | CORONA Images | 88 |
| 4.2.3 | LANDSAT Images..... | 90 |
| 4.2.4 | Sentinel Images | 91 |
| 4.2.5 | Aerial Photos..... | 91 |
| 4.2.6 | Cartography..... | 93 |
| 4.2.7 | Image Analysis and Interpretation | 95 |
| 4.3 | Field Work..... | 98 |
| 4.3.1 | A Short Introduction to The History of Investigating Ancient Channels..... | 98 |
| 4.3.2 | Previous and Current Survey Projects of the Murghab Region | 99 |
| 4.3.3 | Pottery Clusters: What Do They Represent? | 100 |
| 4.3.4 | The Definition and Categorization of “Site” | 102 |
| 4.3.5 | Field Survey | 105 |
| 4.3.5.1 | Ancient Channel Scouting and Recording | 105 |
| 4.3.5.2 | Pedestrian Survey..... | 107 |
| 4.3.6 | Paleochannel Investigations..... | 109 |
| 4.3.6.1 | Hydrological System and Geoarchaeological Approach | 110 |
| 4.3.6.2 | Channel Cores..... | 114 |
| 4.3.6.3 | Channel Trenches..... | 114 |
| 4.4 | Modeling of a Water Channel | 116 |
| 4.4.1 | SOBEK Software Analysis | 116 |
| 4.5 | Isotope Analysis | 117 |
| 4.5.1 | Togolok Botanical Samples | 118 |
| 4.6 | Summary | 119 |
| Chapter 5 – Results from the Ojakly Area | | 121 |
| 5. | Results: The Ojakly Area | 121 |
| 5.1 | Overview..... | 121 |
| 5.2 | The Peripheries and the ICW (Andronovo) Presence in the Ojakly Area | 121 |
| 5.3 | The Ojakly Site | 123 |
| 5.3.1 | Excavations and Interpretations..... | 123 |
| 5.3.2 | Subsistence Economy | 124 |
| 5.4 | Results: Remote Sensing Analysis of the Paleochannel Network | 130 |

| | |
|--|------------|
| 5.4.1 The Ojakly Paleochannel System | 132 |
| 5.4.2 Paleochannel Ground Truthing | 146 |
| 5.4.3 Paleochannel Characteristics | 154 |
| 5.5 Results of the Field Survey in the Ojakly Area..... | 156 |
| 5.5.1 Recorded Sites | 157 |
| 5.5.2 Chronology of the Recorded Sites | 161 |
| 5.5.3 The AMMD and Soviet Survey Data..... | 163 |
| 5.6 Settlements and Channels in the Ojakly Area..... | 165 |
| 5.7 Paleochannel Chronology | 173 |
| 5.8 Results of Paleochannel Investigations..... | 176 |
| 5.8.1 Fieldwork Preparation..... | 176 |
| 5.8.2 Cross-Section Coring..... | 177 |
| 5.8.3 The Test Trench..... | 180 |
| 5.8.4 Section Description and Discussion..... | 181 |
| 5.9 The Takyrs in Ojakly | 187 |
| 5.9.1 Results of the Takyrs Analysis..... | 189 |
| 5.10 Results: Modelling the Irrigation System | 191 |
| 5.10.1 Modelling Paleochannel 10..... | 192 |
| 5.10.1.1 Scenario Results..... | 194 |
| 5.10.1.2 Water Management Scenario | 194 |
| 5.11 Synthesis | 196 |
| Chapter 6 – Results from the Togolok Area..... | 197 |
| 6. Results: The Togolok Area..... | 197 |
| 6.1 Overview..... | 197 |
| 6.2 The Cluster Site Area of Togolok..... | 197 |
| 6.2.1 Togolok 21 | 198 |
| 6.2.2 Togolok 24 | 200 |
| 6.2.3 Togolok 1 | 200 |
| 6.2.3.1 Togolok 1: Southern Mound (Tepe 2)..... | 202 |
| 6.2.3.2 Togolok 1: Northern Mound (Tepe 1)..... | 203 |
| 6.2.4 The Domestic Economy of the Togolok Area..... | 210 |
| 6.3 Results: Remote Sensing Analysis of the Paleochannel Network | 212 |
| 6.3.1 The Togolok Paleochannel System | 213 |
| 6.3.2 Ground Truthing the Paleochannels..... | 221 |
| 6.3.3 Paleochannel Characteristics | 227 |
| 6.4 Results: the Field Survey in the Togolok Area | 231 |
| 6.4.1 Recorded Sites | 232 |
| 6.4.2 Chronology of the Recorded Sites | 234 |
| 6.4.3 The AMMD and Soviet Survey Data..... | 236 |
| 6.4.4 Settlements and Channels in the Togolok Area | 237 |

| | |
|--|------------|
| 6.4.5 Paleochannel Chronology | 243 |
| 6.5 Results: Paleochannel Test Trench..... | 245 |
| 6.5.1 Fieldwork Preparation..... | 245 |
| 6.5.2 Cross-Section Coring | 246 |
| 6.5.3 The Test Trench..... | 248 |
| 6.5.4 Section Description and Discussion..... | 249 |
| 6.6 The Takyrs in Togolok..... | 254 |
| 6.7 Isotope Analysis from Botanical Samples | 257 |
| 6.7.1 Results of the Isotope Analysis from Togolok 1 | 259 |
| 6.8 Synthesis | 262 |
| Chapter 7 – Discussion and Conclusion..... | 263 |
| 7. Discussion | 263 |
| 7.1 Overview..... | 263 |
| 7.2 Climate Change and Local Dynamics..... | 263 |
| 7.2.1 Micro-Climatic Changes and Social Response..... | 264 |
| 7.3 Re-evaluating the Local Dynamics during the 3 rd and 2 nd Millennium BCE ... | 265 |
| 7.3.1 “Dots” along the Channels..... | 267 |
| 7.3.2 Reconsidering the Manuring Hypothesis in the Togolok and Ojakly Areas.. | 268 |
| 7.3.3 Economy and Settlement Pattern in the Murghab | 269 |
| 7.4 Center–Periphery Dynamics in the Murghab | 271 |
| 7.4.1 Settlement Systems and the Problem of Single-Period Occupation. | 272 |
| 7.5 Pastoralism and Agricultural Practices: Same Landscape, Different Strategies. | |
| 274 | |
| 7.6 Agriculture and Subsistence Economies in Rural Areas..... | 277 |
| 7.7 Stability and Predictability of the Water System | 281 |
| 7.8 The Workforce and Canal System: a Preliminary Analysis | 284 |
| 7.8.1 The Murghab Irrigation System and the Mesopotamian Model | 286 |
| 7.9 Conclusion | 287 |
| 7.9.1 Towards a “Multiple Adaptation” Model..... | 288 |
| References | 293 |
| Appendices..... | 357 |
| - Appendix 1 | 357 |
| - Appendix 2 | 376 |
| - Appendix 3 | 377 |
| Glossary | 391 |
